

Hi there Region 13-ers....

I'm happy to be your new Regional Director, and I'm looking forward to being a part of **your** kiting fun!

Feel free to ask me any questions about the Association - any time. :-)

Should you have a problem, please let me know. >:o

If your "Kiting" magazine doesn't arrive when it should... let me know and I'll chase it up.  
: '(

Don't hesitate to offer your suggestions, especially if you think AKA members could benefit from them? 8-)

Bear with me while I get to know you and your own kiting passion - mine's mainly single line (dabbled with fighters, made my own single lines, attempted stunters, and now onto big inflatables!) but husband, Kevin (here below in the photo), is a total kite nut. Give him anything with a bridle, and he's out there, wind in his hair...

We fly at a local beach on the first Sunday of each month - when the winds are right, the tide's out, and the ground is dry!

I have a lot of geography to learn - write and tell me where you are, where you fly, **WHAT** you fly, and what's special about your love for kites? One line, ten lines, or a page! It all helps! :-P

How can I help you get more out of your passion...?

We're a **BIG** region! - but we're part of one universal family. Consider me your new far-away cousin?

Invite me to afternoon tea - I might just turn up! :-)

Aim high!

Linda Sanders
