PERSONALISED KITES

HOW ABOUT THIS FOR A UNIQUE PRESENT

A personalised diamond kite made from Ripstop Nylon with the initial letter of your choice in contrasting colours. These kites have been designed to fly in a wide range of wind strengths and will fly well for beginners and experts alike. Don't be put off by disappointing past experiences with inferior plastic kites. This is a quality kite, hand made and is guaranteed to fly well in all but the lightest winds. Furthermore, due to the use of fibreglass in the cross spar and ripstop nylon for the cover the kite is virtually unbreakable and will last for years. It comes complete with an attractive ripstop tail, 200ft of good quality line on a handle and a nylon carrying bag - just assemble and fly.

2ft.....1 Initial.....£9.25. each.

3ft.....2 Initials.....£14.50. each.

POSTAGE FOR KITES

Kites are particularly vulnerable in the post, so we send them in strong cardboard tubes, anything up to 1½ metres in length can be sent in the post.
