The Flexifoil

Fly the amazing "Flexifoil Power Kite" and you will experience the power and speed of a challenging wind sport. Use your skill and strength to perform aerobatic stunts at over 100 mph! Easy take off and an astonishing rate of climb will get your flexifoil overhead in seconds. The essentials of control are learned in a few minutes, but the challenge lasts - the stronger the wind, the faster the kite and the more power it exerts. Flexifoils are supplied complete with lines, suitable winders, and nylon storage bags. The flexifoil is made in a variety of sizes:
